Brand New Book ***** Print on Demand *****.French conversation is the understanding of the French language that allows you to speak casually with someone. While a grammatical and formal understanding of the language is important, true fluency comes from being able to communicate with others. Formal French allows you to translate passages and to make yourself understood, while French conversation allows you to make a much more personal connection with a French speaker. French conversation lets you make the impression that you wish to make with the people that you are speaking to.
