Methods of thought. was trying to grasp the following points. the process of modernization of education in China is the specific and special performance of the global modernization of education law. and as a matter of fact. all true. exhaustive understanding only that: we thought something separate from individual to particularity. then from particularity to universality. (1) neither empty talk the universal law of modern education. to stick to the particularity of China's educational development and reform can not be divorced from the human development of education law. concreteness. not abstract. one-sided use of contradictory analysis. that is not their historical context. to describe the contradictions of the different historical periods. to be antagonistic or unified artificially. making a false contradiction. Solution because any false contradictions. in reality education reform. rashness. waste. disaster and even retrogression the expense. The reality is a continuation of the historical reality to history as a mirror. Summarize the lessons learned from centuries of education reform is one of the important work of today's education reform theory building. Table of Contents Introduction Part centuries rational basis of the education reform. the emergence and development of the...
