

## Brilliant Adobe Muse

By Steve Johnson

Pearson Education Limited. Paperback. Book Condition: new. BRAND NEW, Brilliant Adobe Muse, Steve Johnson, A new Brilliant title covering the widely-anticipated release of Adobe Muse, the new web-page creation & design tool for graphic designers who don't want to learn coding, for the Adobe Creative Suite. \* It simplifies the process of producing a website \* Allows users to turn their mocked-up website into an actual website without handing it over to web developers \* Perfect for graphic designers who also just work with printed product -- they don't need to learn the HTML coding to produce the work It allows users to design a website using the familiar Adobe tool set, for example setting the backgrounds, headers, footers with "what you see is what you get" menus, like a template. Any code that powers the site sits quietly behind the scenes and they can test to see how their work looks by loading it into a browser. Muse is predominantly for graphic designers who want to create websites without having to code. A common scenario is that a graphic designer will create what they want the website to look like using Photoshop and then pass this file onto web...
