Without life there could be no achievement, no consciousness, no improveableness. Inheritance, association, ministry, enjoyment would be alike impossible. Everything would be sterile, unresponsive and without initiative. Without education there would be no development. Everything would remain in statu quo, or deteriorate. Life always manifests itself by a series of co-ordinated actions and reactions through which it is maintained and more or less modified. Every form of derived life must live, if at all, within conditions which react upon it. The life may be superior to these conditions and largely modify them, but this very act of modifying them reacts upon and modifies the life.
