

The Way things work in life

By Basimah Khulusi

Dr. Basimah Khulusi M.D. Paperback. Book Condition: New. Paperback. 136 pages. Dimensions: 8.5in. x 5.5in. x 0.3in. Why does life seem to be so unfair Or is it Is there a God And if there is a God, how come God can be so unjust, and why do bad things happen to good people Religious people and philosophers have tried to answer these questions about life in the past using the metaphors of their day and age, as well as of their professions. Old metaphor might have resonated with people back then and might still make sense to some today, but that is leaving out a multitude of others who are finding it difficult to relate to this language; especially the young. This book explains how things in life work using the language and the metaphors of mathematics, chemistry and physics that everybody has been acquiring in school. Here are some of the answers to how things work in life: The word God is a metaphor. God is everything, and God is fair. The world is thoughts, but that does not mean that you just sit there and think about becoming great to achieve greatness the way its been touted in...

Reviews

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.

-- **Mr. Grant Stanton PhD**

A whole new eBook with an all new standpoint. It is actually rally fascinating through reading through time period. You wont truly feel monotony at anytime of your own time (that's what catalogues are for relating to when you request me).
