

## Interpretation of Dental and Maxillary Roentgenograms (Classic Reprint)

By Robert H Ivy

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Interpretation of Dental and Maxillary Roentgenograms The purpose of this small volume is to present to members of the medical and dental professions the data necessary for making\* an intelligent diagnosis of pathologic conditions about the teeth and jaw bones in which roentgen examination plays a part. It is hoped that a basis for this will be formed by study and comparison of the numerous normal and abnormal views shown. It has been said that the actual making of the roentgenogram is the elementary feature of roentgenology, and that those who know how to interpret roentgenograms are few in number compared with those who know how to make them. It is to interpretation rather than to technic that the writer has endeavored to call particular attention in the following pages, references to technic being\* limited to special points involved in examination of the teeth and jaw bones. A departure from the usual method of presentation lies in the fact that in this work the roentgenograms are negative reproductions; i.e., they correspond with the original negatives...
