DEFENSE BUDGET: POTENTIAL REDUCTIONS TO THE ARMY AND THE NAVY MISSILE BUDGETS: NSIAD-90-29

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 24 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO reviewed the 1990 Army and Navy procurement appropriation requests for 13 missile systems. GAO found that the Army's requested 1990 procurement appropriations should be reduced by: (1) 21.1 million for the Advanced Antitank Weapons System-Medium, because the Army did not require 10.3 million until 1991, and could fund 10.8 million from another source; (2) 248 million for the Patriot Missile System, because the request was deferrable until foreign defense agreement terms were reached; (3) 88.4 million for the Multiple Launch Rocket System, with an additional 26.4-million 1989 budget reduction, since launcher and launcher modification deferrals were possible; (4) 12.9 million for the Stinger Missile, because the Army did not need all of the gripstock and training devices it requested; (5) 36.9 million for the Pedestal Mounted Stinger System, since fire unit funds were deferrable; (6) up to 75.3 million for weapons system spares and repair parts, with a 3.1-million 1989 budget reduction, because the Army revised its requirements; and (7) 32.5 million for a deferrable Non-Line-of-Sight Missile procurement. GAO also found that: (1) the Navy's procurement funding request for HELLFIRE missiles should be reduced by 1.6 million because of requirements changes; and (2) the Army should add HAWK Missile funds to its 1990 request. This item ships from La Vergne, TN. Paperback.
